CETRO MEDICAL

CETRO® Tube Proctoscope

Tube proctoscope for single use. The tube is constructed of a material that conducts light very well and provides an optimal visibility for the examiner. The tubular proctoscope's rounded edges and surfaces contribute to one gentle examination for the patient.

- Stable and grip-friendly construction
- Clear scale
- Fits different light heads
- Very small transition between obturator and tube
- The light transmission gives the correct tissue color and free visibility
- Melting temperature: 100 ° C
- Not autoclavable
- Latex Free

Material: Polyeten HD
