

RENASYS[®] Adhesive Gel Patch

The RENASYS Adhesive Gel Patch is a simple and gentle solution, designed to help you achieve a seal in challenging anatomical areas.

- May assist in achieving a long-lasting seal in anatomically challenging body areas
- Can be used to elevate a drain or dressing tubing off a patient's skin
- Easily cut and shaped to size
- Hydrogel adhesive minimizes skin trauma upon removal¹
- Can be used with all RENASYS NPWT dressing kits

RENASYS is designed with you and your patients in mind.

flexibility
